

SECRET

SECRET

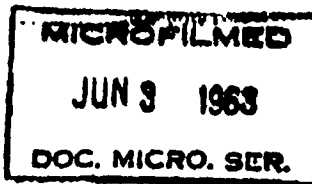

MOA-100

Chief of Mission, Frankfurt

Chief of Base, Pullach

CANY/Operational

Dr. Rudolf DIELS & "Die Deutsche Woche"

27 October 1952

Ref: HQA-192, MOA-493, HQA-125

1. Based on information contained in reference, we queried ZIPPER's 40 staff 29 September 1952 regarding the allegation that Subject was "seen to be given an intelligence assignment either with the BfV or the "American intelligence office Gekhem"...etc" ZIPPER was asked specifically whether DIELS was a ZIPPER member or connection and what information was available on him and on the "Deutsche Woche".

2. ZIPPER answered our query 14 October 1952 with their memo No. 3512, which briefly stated that DIELS is in no way ZIPPER connected and that two reports, forwarded as attachments, contain their information on both DIELS and the "Deutsche Woche".

3. Copies of both of these attachments are forwarded herewith but ZIPPER's memo No. 3512 is not, since its contents are summarized in paragraph 2, above. The two attachments are labeled "Anlage 1" and "Anlage 3", respectively, "Anlage 2" being DIELS' book "Lucifer ante Portas" (Deutsche Verlagsanstalt, Stuttgart), which had to be returned to ZIPPER.

4. Note paragraph 7 b of "Anlage 1", citing a Dr. Georg SCHENK as a source on an alleged close DIELS-Otto JOHN relationship.

5. ZIPPER's 40/P case officer, WINTERSTEIN, stated to ☐ verbally 24 October 1952 that "there was no question but that DIELS was working for the SPG 'Nachrichtendienst'".

6. Dr. SCHENK, JANKE and MARCUS are all described in greater detail in MOA-10613. For additional information on BAUMANN see MOA-13379, on von GUSSENHOFER see MOA-7261, on JURZICK see MOA-11902, on Dr. FRIEDL see MOA-906, on KROEMER see MOA-281, and on TEJESSI see MOA-644. Personalities like HUBERT, TROGER, KISLER, BOELS, WESTERF, RIMMER, SCHACHT, BAUSCHKE, Dr. Emil HOFFMAN and Dr. KEMPER are generally well-known figures and hardly seem worth tracking in connection with these two reports. On all other persons mentioned in these reports, FBI has information or no traces.
